

Since the sheet of sketches filed with the amendment is not part of the application, it would be incorrect to label the sheet as "Replacement Sheet" or "New Sheet" or "Annotated Sheet".

It is therefore respectfully submitted that the amendment as filed was and is compliant and that no change needs to be made in the sketches which were provided with the response.

However in case it may be helpful, a fresh copy of the sheet of sketches in question is enclosed labeled "These sketches are not part of application No. 10/780,616 but illustrate operation of Hummer reference".

If the sketches continue to create difficulty, then it is respectfully requested that they be excluded from the response and disregarded.

Respectfully submitted,  
Bereskin & Parr
